

African - Caribbean governor recruitment event

Date: Thursday 16 January 2025

Time: 6 - 8pm

Location: Ealing Education Centre, Mansell Road, Greenford UB6 9EH

Are you passionate about education? Become a school governor and help shape decisions that directly impact the school learning environment and the wider school community.

This event provides an opportunity for potential new governors of African-Caribbean heritage to find out more about the role and to meet with school governing boards looking for new governors.

The Ealing Race Equality Commission identified the need to increase the diversity of governing bodies to better reflect the pupils within Ealing schools. As a member of the African Caribbean community your skills, voice and perspective can bring vital diversity and representation to school leadership.

We aim to provide individuals with enough information to be enthused to become a school governor and for schools to meet potential recruits to fill vacancies.

Register to attend
