Exams Don't Have to Be Stressful—Here's How to Help

Exams can feel overwhelming for kids and parents alike. While we all want our children to succeed, focusing on support over pressure makes a huge difference. Let's turn exam season into an opportunity to build resilience and confidence.

Top Tips

- Listen up! Make space for their concerns without judgment.
- Balance is key. Encourage breaks, exercise, and time with friends.
- Spot stress signs. Pay attention to changes in mood or behaviour.
- Walk in their shoes. Try to see things from their perspective.
- Team up with school. Don't hesitate to seek guidance or resources

Remember, your encouragement can be their superpower! For more insights, check out [Parent kind's guide to Exam Stress and Failure](#).

Low Mood and Depression: Small Steps, Big Changes

Sometimes, our kids feel stuck in a cycle of sadness or lack of motivation—and that's okay. The first step toward feeling better? Action. Even small changes can have a big impact on their mental well-being.

Ways to Support Your Child:

- Help them rediscover hobbies and activities they enjoy.
- Talk about their values and dreams for the future.
- Encourage turning their values into meaningful, everyday actions.
- Support them in doing more of what brings them joy and purpose.

Together, we can help our kids move from "stuck" to unstoppable! Approach the Link worker at your child's school for more information.

1 in 5 children faces mental health challenges—but together, we can make a difference! This year's theme, 'Know Yourself, Grow Yourself,' is all about helping kids and teens build self-awareness to grow into their best selves.

How You Can Help Your Child Thrive:

- Start a journaling habit to encourage self-expression.
- Create a safe, judgment-free zone for open conversations.
- Use visuals like charts or mood trackers to explore feelings.
- Practice mindfulness as a family to reduce stress.
- Keep communication open and supportive.

Let's help our children grow stronger, together! Explore resources like the CMHW Schools Pack ([cmhw-schools-pack-digital.pdf](#)) to get started.
